Summary

The role of a Commissioning & Qualification Engineer Warehouse & Logistics at Novartis involves various responsibilities such as conducting investigations, managing deviations, implementing corrective and preventive actions (CAPAs), defining and updating processes, overseeing qualification activities, and ensuring compliance with Standard Operating Procedures (SOPs) within the warehouse and logistics department. The engineer will be responsible for maintaining high quality standards and continuous improvement in the operation of warehouse and logistics practices.

About the Role

Location: Istanbul Kurtköy, Turkey #Hybrid

Key Responsibilities:

- Continuous improvement of logistical processes and standards
- Support for deviations and corrective and preventive actions (CAPAs) within the area of responsibility
- Share best practices and lessons learned with all locations and global networks
- Ensuring GMP and GDP standards with Novartis national regulations, policies, procedures and standards
- Development, creation and maintenance of GMP and GDP compliance standards and SOPs
- Support for change management
- Coordination, harmonization and standardization of logistics GMP compliance activities, across all departments.
- Presentation of warehouse and logistics during audits and inspections, including the processing of follow-up actions (internal and external)

Essential Requirements:

- University degree in Supply Chain or any other relevant field
- Previous experience within the pharmaceutical industry

- Previous experience in logistics and/or materials management
- Analytical and problem-solving skills
- Fluency in English (good written and spoken skills)

Desired Requirements:

- Previous experience in project management and coordination is an advantage
- German language skills

Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.

Hiring decisions are only based on the qualification for the position, regardless of gender, ethnicity, religion, sexual orientation, age and disability.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other.

Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
